Good afternoon,

The Pre-RD has taken a break from attempting to locate AR-A33 after dragging with a grappling hook for over 2 hours. The crew is now stationed at AR-A34, retrieving the mooring, and preparing to download the data (photo)

AR-A31, AR-A32, and AR-A34 have been located this morning. The crew plans to head back to location AR-A33 to retrieve the last receiver.
